§ 92.53 PERMISSIBLE OPEN BURNING.

- (A) While recognizing that open burning contributes to air pollution, the Town Council is aware that certain types of open burning may reasonable be allowed in the public interest; therefore, the following are permissible as specified if burning is not prohibited by ordinances and regulations of government entities having jurisdiction.
- B) The authority to conduct open burning under the provision of this section does not exempt or excuse any person from the consequences, damages or injuries which may result from this conduct nor does it excuse or exempt any person from complying with all applicable laws, ordinances, regulations and orders of the governmental entities having jurisdiction in compliance with this section:
- (1) Fires purposely set for the instruction and training for public and industrial firefighting personnel;
 - (2) Fires purposely set to agricultural lands for disease and pest control and other accepted agricultural or wildlife management practices acceptable to the North Carolina Board of Water and Air Resources;
 - (3) Fires purposely set to forest lands for forest management practices acceptable to the Division of Forestry and the North Carolina Board of Water and Air Resources;
 - (4) Fires purposely set in rural areas for rights-of-way maintenance only in instances where there are no other practicable or feasible methods of disposal and under conditions acceptable to the North Carolina Board of Water and Air Resources;
 - (5) Camp fires and fires used solely for outdoor cooking and other recreational purposes for ceremonial occasions or for human warmth and comfort;
 - (6) Open burning of leaves, tree branches or yard trimmings originating on the premises of private residences and burned on those premises in areas where no public pickup facilities are available and the burning is done between 8:00 a.m. and 6:00 p.m. and does not create a nuisance;
 - (7) Open burning in other than predominately residential areas for the purpose of land clearing or right-of-way maintenance. This will be exempt only if the following conditions are met:
 - (a) Prevailing winds at the time of burning must be away from any city or town or built-up area, the ambient air of which may be significantly affected by smoke, fly-ash or other air contaminants from the burning;
 - (b) The location of the burning must be at least 1,000 feet from any dwelling located in a predominantly residential area other than a dwelling or structure on the property on which the burning is conducted;
 - (c) The amount of dirt on the material being burned must be minimized;
 - (d) Heavy oils, asphaltic materials, items containing natural or synthetic rubber, or any materials other than plant grown may not be burned; and
 - (e) Initial burning may generally be commenced only between the hours of 9:00 a.m. and 3:00 p.m. of one day, and no combustible material may be added to the fire between 3:00 p.m. and 9:00 a.m. of the following day and that under favorable meteorological conditions deviations

❖ Town of Green Level Brush Services

Brush services are also offered by the Town of Green Level by appointment only. Appointments can be scheduled by phone before 2 p.m. on the day before the scheduled brush pickup. Brush Schedule Calendars are available at the Town Hall and online. Please call (336) 578-3443 to schedule appointments.
