# THE GREEN LEVEL RELEASE

March 2025 | Issue No. 15

A well-kept yard does more than just enhance your home—it fosters a sense of community and pride in the place we all share. That’s why the Green Level Beautification Committee is excited to launch the new Yard of the Month award! This friendly competition encourages residents to spruce up their outdoor spaces, making our town more beautiful for everyone.

Starting in April, the committee will judge yards on the last Saturday of each month, selecting one winner who will receive a special Yard of the Month sign and recognition in the town newsletter. Judges will consider factors such as neatly manicured lawns, creative decorations, overall neatness, and vibrant floral displays. The competition will continue through September, giving homeowners multiple chances to showcase their hard work and creativity.

Whether you have a green thumb or simply take pride in maintaining a tidy and inviting yard, this is a great opportunity to contribute to the town’s beauty. So, grab your gardening tools, trim those hedges, and add a splash of color with flowers—your yard could be the next to inspire the entire neighborhood!
